

**While doing service through your mind of giving souls even a drop,
make intense effort over a long period of time and remain *ever-ready*
and you will become a bead of the rosary.**

Today, the Father, the Ocean of Love, has come to meet His loving children. The children remembered “My Baba, come!” and so the Father says: My loving children, love has such an attraction that every child has made the Father belong to him or her and the Father said “My child” to every child and merged each child in Him. It is a wonder! The children said “My Baba” and the word “my” is filled with so much love that the Father also said “My children!” Love is such that it completely changes you from what you were. Waves of love are flowing from the forehead of every child and BapDada is pleased to see this. Love is the means with which to make someone’s heart belong to you. Seeing the waves of love flowing from each child, BapDada was very pleased.

BapDada is now going to conduct a five *minute drill* with all of you. Save all your devotees and unhappy and peaceless souls who are remembering you and calling out: “O our ancestors, give us peace for even a short time, give us a drop of happiness”. With the power of your mind, while sitting here, make those souls *emerge*. Can you hear them calling out, “Save us! Save us!”? Enable rays of happiness and peace to reach such souls with the power of your mind. Repeatedly continue to serve through your mind in this way because, together with the Father, you children are also world servers. Just as you become instruments to serve through words throughout the day, in the same way, every now and then, continue to practise serving through the mind. There is also benefit for you in this because if your mind remains constantly *busy* in service, you will then be saved from the useless and wasteful thoughts that Maya creates in-between. You will not have to work hard. What response would you give if BapDada were to ask you now how you are? “That you are making effort, but that sometimes...” So, you are not making effort all the time. BapDada now wants to see in the *record* of all the children, that the word “sometimes” should finish. Is it possible that the word “sometimes” finishes? Will you be ready when the time comes? Instead of “It is happening or “It definitely has to happen”, can you become *ever-ready*? Why? If you make the sanskar of being a conqueror of Maya, a conqueror of the mind and a conqueror of the world your practice over a long period of time, then in the final moments, this practice over a long period of time will also make you victorious and make you a bead of the special rosary. You will then *pass with honours*. Not just *pass*, *pass with honours*. So speak! Do you have this courage? You want to *pass with honours*, do you not? They are the ones who become worshippers from the copper age till now, that is, they become beads of the rosary. You have the pure thought to make yourself a bead of the rosary, do you not?

Every day at amrit vela, BapDada looks at the beads of His rosary and has a special celebration with them. Do all of you consider yourselves to be beads of a rosary? There is also another rosary of 16,000, but that is the *second* rosary. The special rosary that is worthy of praise and worship is the first rosary. Today, BapDada was seeing those beads, because, together with Brahma Baba, it is they who specially claim a right to the kingdom. Today, Father Brahma was seeing his intense effort-making children of the present time and. Of course, only two would sit on the future throne of the kingdom but the first rosary is of those who are companions in the kingdom. Have you *checked* yourselves? You will return home with BapDada because it is now the *return journey* for all of you. Since you have to return anyway, you will return with the Father, not alone. So, who will be the beads that are close and return home with the Father? Those who are intense effort-makers over a long period of time. Not just effort-makers, those who only do something sometimes. Only those who have been equal to the Father over a long period of time will claim a right to the kingdom. So, what do you think? Are you making intense effort? Those who feel that they are in the *line* of effort-makers should raise their hands. Those who are intense effort-makers, raise your hands high! You are raising your hands very low. Achcha, many of you are raising your hands. Raise your hands high once again! Not just like that. Achcha.

BapDada sees the children’s *chart* every day. The *majority* are intense effort-makers but they also add the word “sometimes” to it. However, what is the Father saying? *Attention please!* There should not be any upheaval even in your subtle thoughts. You definitely have to be unshakeable, immovable and one with

pure thoughts over a long period of time. Some children have a very sweet heart-to-heart conversation. They say: Baba, we will definitely become ready because as the time comes closer, there will be more situations of upheaval and so there will *automatically* be disinterest. However, then who is your *teacher*? Time or the Father? Time is your creation. The Father is now signalling you that intense effort over a long period of time will make you *pass with honours* at the end. Everyone will *pass*, but, in order to *pass with honours* it is essential to make continuous intense effort over a long period of time. Therefore, *note* down today's date. If, even now, it is "sometimes", if you think that *something* will happen, if you continue to use these words in the future, The Father's love is always there. He has love even for the *last* bead. Why? They have said "My Baba" from their heart. Even great souls of today do not say "My Baba" but they at least believe "My Baba", and so the Father loves them too. The Father constantly has love for the children; till the *last* moment and even for the *last* one. It is love that has made you belong to the Father. BapDada has also said that the *majority* of you have love for BapDada and it will remain, but you don't need just love, you also need power. You also need to make intense effort. Therefore, now, even Shiv Ratri is about to come. Together with the incarnation of the Father, it is also the incarnation of the children. On this Shiv Ratri BapDada wants every child to have the determined thought to become an intense effort-maker instead of an ordinary effort-maker. Is this possible? Have this determined thought by yourself on Shiv Ratri. You don't have to write it; you don't even need to show it to anyone in the *class* but have this determined thought in your heart with the Father: By Shiv Ratri we will remove the word "sometimes" from our *dictionary* of effort. Is this possible? Those who feel that this is not a big deal, that you thought about it and it happened and have that courage, raise your hands! Achcha. You pleased Baba.

BapDada has *faith* in the children and this is why He is giving multimillionfold congratulations to the children from now. Wah children! wah! You are courageous. With your courage, you will definitely receive the Father's help. Now, do one thing. In order to keep your mind *busy*, just as the Father had earlier told you to put a *stop* in a *second*, that you are a dot and you have to put a stop and see everyone as a dot. When you see everyone as a dot you will not have any other thoughts. Pay *attention* to serving through your mind! So many unhappy souls are crying out and so you have to focus your mind on *extra* service of giving them rays. Service through the mind is very elevated service. It is beneficial for those who are unhappy and also beneficial for you. There is *double* benefit. You serve through words and that service is increasing; you are doing that from your heart. The numbers are increasing, the number of centres is increasing. The *majority* of you are good in serving through words; not everyone, but the *majority* of you. In the same way, now continue to do the service of giving a drop to special souls. Do not keep your mind *free*. Keep your mind *busy* in one or another service: in giving powers through your mind, in serving through words, serving with virtues in your actions, in the service of giving happiness to your relatives and contacts - keep your mind *busy* in all these different types of service, for who are the *richest* souls in the world? It is you, is it not? How many treasures have you received? So, serve with every treasure. The more you use these treasures for service, the more they will increase and this is why just as you pay *attention* to serving the self, in the same way, pay *attention* throughout the day to serve by giving rays through your mind to unhappy souls and your devotees. They are crying out a lot; you are not able to hear them. In the *majority*, there is one or another reason for sorrow in every home. Who will give such unhappy ones happiness? Speak! Who will give it? It is you, is it not? So, throughout the day, *check* your service through the mind. How much time are you giving to it? Just as you give time to yourself, in the same way, how much time do you give to serving through your mind? You are merciful, are you not? So have mercy for those who are unhappy. You have a song, do you not? "O mother and father, have mercy for those who are unhappy!" BapDada has to hear a lot of this. You can't hear it as much, but now, listen to it. Where would those people go? They are your brothers and sisters. So, benefit yourself and keep your mind *busy* and also remove the sorrow of unhappy ones. They are crying out, their hearts are crying out. BapDada hears this and remembers you children. O My beloved children, my long-lost and now-found children, now have a merciful heart. Be co-operative with Brahmins too. No matter what type of sanskars someone has, what is your duty? To have conflict with that sanskar or to free that soul from the conflict of sanskars? The *title* "Remover of Sorrow and Bestower of Happiness" is your *title* too, is it not? You are the Father's companions, are you not? Father's companions, what thought have you had? You are going to transform the sorrow and peacelessness of this world and bring happiness and peace, are you not? You have to do this. Raise your hands! You are going to do this? Or, are you just going to watch? It is happening, but it has to change now. Even if it is Brahmin souls, do not just continue to watch and think that they are

doing it, but also transform them too through your words and thoughts in the mind. You should not have to do it. BapDada continues to hear that that matter has reached BapDada. Since you have given this situation to Him, then you yourself should follow the Father's *directions* because BapDada is responsible and the special beloved companion children are His instruments. So, instead of having waste thoughts in your mind, now constantly give co-operation to the unhappy and *disturbed* souls, whether they are Brahmin souls or anyone else. Be co-operative. Achcha.

Those who have come for the first time today, stand up! Did everyone see? BapDada is celebrating the *birthday* of those who have come for the first time into this gathering. You may be in *connection*, but you have come to celebrate a meeting with the Father and Baba is therefore celebrating your *birthday* here with the Brahmin family. BapDada is pleased. He is not saying this of those who have been in *connection* from before, but of those who have come to Madhuban for the first time and this is why He has held a ceremony amidst the Brahmins. You are receiving congratulations from so many Brahmins. However, for the future you have to think that because you have come here so late after establishment, for the remaining time you have to make intense effort and not waste time but do ten *minutes* work in one *second*. You have to pay *attention*. You can make your effort intense and go ahead as much as you want. These are the good wishes and pure feelings on behalf of all the Brahmins and the Father. Achcha.

It is the turn of UP, Benares, West Nepal to serve: Those who have come for the first time, sit down! Achcha. The teachers from UP are standing at the front. It is good. Devotees from everywhere come to UP a lot. Those from UP definitely have to give the message to the devotees. It is your duty to give the message and then it is in their hands for them to create their fortune and how much of it they create. However, they should not complain to you that you did not give them the message "Our Father came and He came to give us the inheritance. We would have claimed some inheritance, at least!" You do do this because the Father receives the news. This is why it is easy for you to give the message to everyone whenever possible. Father Brahma and Jagadamba, the World Mother have had a lot of love for UP. Father Brahma went to UP just as much as he went to Bombay. The place where Father Brahma placed his footsteps is so fortunate! Both Lucknow and Kanpur have had a right to this fortune. Bombay also became that, but it is now the *turn* of UP. Drops of teachings from the mother and father have fallen *directly* on UP. What does UP have to do for the future now? You do service through words in the melas, but, according to the present time, BapDada has been telling everyone until now to bring heirs and well-known *mikes*. "Well known" means those whose words create an impact on the ones who hear them. Prepare such *mikes*. There should be a *group* of such heirs at every centre. How many centres are there in UP? There are many. So, you should bring that many heirs. Count how many centres there are and how many heirs have been created. So, according to how many there should be, have that many heirs come or are they still to come? If you still have to create them, then there is no guarantee about time. Create heirs and *mikes* as quickly as possible from whose sound the line of fortune of many souls open up because you have done a lot of service. The older ones have done a lot of service. Now, get service done through others. Prepare those who will do it. You can do this, can you not? *Teachers*, raise your hands! Achcha. There are many *teachers*. So prepare that many. Each centre, whether small or big, if it is in the *list* of centres then they definitely have to give the proof because there is no guarantee about the time. Anything can happen at any time. This is why BapDada is telling all the zones, and even those who have not come, Baba is telling all the zones: Now, move forward! *Classes* continue to take place. The numbers are continuing to increase but now prepare those who will become instruments. In order to create them, BapDada has seen that there are such souls in all the *zones* who can become instruments. Those from UP have to benefit the devotees. Though there may be few who call themselves devotees they are devotees. Enable them to receive the fruit of their devotion. They make a lot of effort, but it is good. BapDada has seen that each *zone* is moving forward in their effort, but, even now, there is a *margin* to move further ahead. There are very good daughters of the Father who have taken sustenance *directly* from Father Brahma. You are doing it, it is not that you are not. You are doing it. You are doing it, but now increase your *speed* a little. Achcha, it is your *turn* to do service. To serve the yagya means to do service to create your fortune. No matter how many *students* come to you, how many come together in the yagya? To serve so many Brahmins in the yagya is so much charity. You come to do service but, in fact, it should be said that you come to accumulate your charity. BapDada is pleased that this is also a *chance* to accumulate your charity. You are doing good service, are you not? In fact, all the zones are doing good service. BapDada does not have receive any *reports* (complaints) about anyone.

You are good and you are doing good service. It becomes easy. You are doing service well, are you not? All the Dadis are also congratulating all of you.

So many Pandavas have also come. The Pandavas are no less. There are many types of service which only the Pandavas can do. This is why BapDada and all the Madhuban residents are congratulating all the Pandavas. Achcha.

Ten Wings have come. Achcha, stand up! BapDada has seen your *boards* and flags and so you can put them away. BapDada has seen that all the Wings that have come, have had a lot of enthusiasm for service from the time they were established. Each one has considered it their responsibility that they must do this. This is why each Wing is doing service and increasing the number at their centre. Baba receives *reports* about everything. All the Wings should serve the special souls whom you call the special instruments and fix a day and place and have a gathering of such special instruments. First have a gathering in your zones and then we will see about it in Madhuban. However, first, all those from the different zones should select a zone where there are many servers who can do everything and have a gathering of special souls there. You have enthusiasm on seeing one another do this: They are doing this and so we shall also do it and increase service. Whichever zone has the service of a special wing, then discuss this among yourselves and *fix* a place to have a gathering there in order to create that zeal and enthusiasm and then you will be called to Madhuban. You haven't done this yet. Then we will know how many mikes have been created and how many co-operative souls have been prepared and how much you can help one another. One wing can help another wing in one zone. When you see or hear the news of one another, there will be enthusiasm. Before coming to Madhuban, first gather them together there and then we shall see. Is that all right? Do you think this is good? Then, raise your hands! All of you have been made to stand up at the same time. BapDada is congratulating each Wing individually. BapDada is pleased. BapDada is pleased to see your zeal and enthusiasm. Is that all right? Achcha.

(BapDada made those of each Wing raise their hands.)

Business Wing: BapDada saw all of you and also congratulated you and gave you *service plans*. *Special* congratulations to you.

Education Wing: BapDada is specially giving you all the sweet (toli) of zeal and enthusiasm.

Youth Wing: Youth, prepare a *group*. These are sisters, are they not? Prepare a *group* of those who for some time or, from the time they have come till now, have been following the codes of conduct. There should be a *record* of how many codes of conduct they have been following. Prepare a small *group* that can be presented to the Government as the Youth who follow the codes of conduct. Then service will be done.

Religious Wing, Politician Wing: Achcha, they have also come.

Sports Wing: Did you hear what needs to be done now? You now have to do that. Then, seeing the result of that, you will be called to Madhuban. BapDada has heard that all the Wings are moving forward in service and that they are making very good *plans*. Congratulations for that.

Womens Wing: In the Women's Wing, how many have you made emerge who are like a lotus flower, living in a house hold and yet living like a lotus flower, from the beginning? Have you made a *list* of how many women at the centre have come from the Women service? Who is the *Head* of this? (Chakradhariben) Achcha. Take a *list* from every zone and then tell Baba how many families have emerged because people have been thinking until now that they have to renounce their homes. Now, it is a little less than before but, they still think this in some places. So, take the *result* of how many have emerged from this service because the Government has different departments of each Wing and they ask what *results* your Wings have shown. This is why you should have these *results*. You should extract them. If each of the zones finds their own *results* and then gives them to her to gather together, that would help them. Is this all right?

Rural Wing: Rural service is the best service of all because those from the rural areas are not so much into their comfort and luxury. They remain busy in their work to a greater extent and so you should give them the special experience of happiness. You do give lectures but those from the rural villages should experience being given a lot of happiness by those who do rural service. We remain happy and joyful. You should make a *record* of how many villages you have served and how many had such experiences because

one never forgets an experience. Experience this and give that experience to others. Show the *result* of how many souls you made happy and who stay in *connection* with you in this many villages. It is good.

Cultural Wing: Those of the Cultural Wing are doing good service of those in their Cultural Wing. BapDada saw that many souls of the Cultural Wing have come to help the yagya and are playing their part of service. They also bring others through their own experience. They are moving forward in service. That is very good. Those of the Cultural Wing can experience what the Father had said at the time of establishment and make others experienced in that. You are doing that and have to continue to do that in the future too so that the sound spreads that the Brahma Kumars and Kumaris are doing service and making those of the Cultural Wing experienced in *character building*. Many good ones are coming forward and are making others come forward by sharing their own experiences. Therefore, continue to move forward and make others move forward.

SpARC Wing: Sparc Wing is also doing its own work. BapDada saw that each Wing is making souls experienced in their own service. They are making people's intellects very good with their very good ideas and they are also inspiring people to imbibe everything. This is why Baba said that each wing is doing service and making companions. Having made so many companions, now prepare a *group*, a gathering, which you can present to the *Government* and tell them about your work and show them your *results*. Each Wing has its own Government branch and so they too should be served and people should also be served. Achcha.

750 double foreign brothers and sisters have come from 80 countries:

BapDada saw the programmes of the double foreigners this time. Each group has made a lot of very good effort with a lot of love. In the atmosphere of Madhuban, many have had many good experiences and you have been making intense effort with zeal and enthusiasm and this is why BapDada saw the *group* this time of those who were taking the *training* and those who were giving the *training* – both had zeal and enthusiasm; you all took so much benefit at the one time. For one family to meet; apart from Madhuban, there is no other place where so many *groups* can meet. So, you were all very clever and you made the *programmes* in Madhuban itself. BapDada is pleased. Baba also heard the experiences of transformation of some of them. Whatever teaching you receive in this land, you are able to have realisation of that very quickly because of the atmosphere. So, you had the atmosphere and the gathering. After how long does each group come together? You stay here, you have company, BapDada and your own *refreshment*. So, BapDada liked this very much. However many benefits you have received here, put all of those into a *practical* form and become instruments to increase the zeal and enthusiasm of others. You can become that because whatever *plans* you have made, BapDada has heard about them briefly, and He liked them. The method of doing that is also good. The Father is pleased that the *double foreigners* are paying *attention* to themselves and that you have now become like a sandalwood tree. The branches of different countries have come to Madhuban and by coming here, you have become a sandalwood tree. Baba saw that all those who have come have created a very good Brahmin *culture*. It is continuing and will continue; there is this faith and it is guaranteed. It is also fixed in the drama. Om shanti. BapDada is giving special congratulations to the main *teachers*. Congratulations! Congratulations! Congratulations!

Those who are in Madhuban, those up, those down below, and the brothers and sisters who are living outside and studying in Madhuban, all of you stand up! How many have come? (Seeing Rajubhai typing the murli.) You also stand up! You do so much work. You do the biggest service of all. You instantly make the murli available to all Brahmins. Congratulations to you, congratulations. If it were not for the Madhuban residents, who would offer you such hospitality? You come comfortably, you eat, drink and become refreshed and so, applaud the Madhuban residents! BapDada knows that because of not having enough space, those from Madhuban have to listen to the murli sitting far away. This is also service of those from Madhuban. This too is service. You give happiness to others and so you become bestowers of happiness. It is the duty of those from Madhuban to give happiness and receive happiness. You share your experiences with the experiences of all those who come and so all receive benefit from those experiences. There are many benefits, but, because of a shortage of time, you don't share that much. What is the *title* of the residents of Madhuban? To give happiness and to receive happiness. The children of the Bestower of Happiness are those who *follow* the *Father*. Achcha.

Everyone has now met. You come having made lots of preparations. Every Wing comes having made a lot of preparations. BapDada does know that, but He also has to consider the *time*. Baba is giving lots and lots

of *in advance* multimillionfold congratulations to all of you for becoming intense effort-makers from now. Now, on Shiv Ratri, whether you come here, whether you listen to the murli at home or at the centres or those who simply hear the murli, all of you should hear the murli. Of those who have come this time, you must be hearing the murli regularly. Is there anyone who doesn't hear the murli? Raise your hands! No one. Achcha. Those who do not listen to or read the murli, stand up! There are a few. It doesn't matter, but from now, for the remaining time – these are the Father's elevated versions, BapDada comes from the supreme abode and Brahma Baba comes from the subtle region and they speak the elevated versions; therefore, do not *miss* a murli for even a single day. You would then get off BapDada's heart-throne. Those who *miss* the murli should understand that they are not the masters of the three thrones and that they will only become masters of two thrones according to their capacity. Therefore, MURLI, MURLI, MURLI because the murli has *directions* for every day. There are *directions* for all four *subjects*, and you have to receive *directions* for every day. All those who are *missing* it for one reason or another should make a *programme* for themselves so that they can hear the murli. Find one or another method of *salvation*. Inventions of *science* nowadays have been made for you. *Science* was invented about 100 years before Shiv Baba entered Brahma Baba. It has to be useful to you and this is why you should *use* it. Take benefit. Achcha.

To the children who are sitting in front of Baba, or wherever you are hearing the murli, love and remembrance from the depths of the heart, with deep love, and namaste.

To the Dadis: (To Dadi Janki): You do service from your heart, you do special service. Where the heart is, one has an experience. If someone just speaks superficially, then it doesn't touch the heart so much. The service you do brings fruit. This is a blessing. (Gulzar Dadi is very good.) Everyone is very good. All are good.

Mohiniben and her doctors: BapDada heard. Think less! You are smiling, but you also think. Your face is red, but your thinking too much has an *effect* on your health. Just think that Baba will make everything all right.

Now become *double doctors*. There are many who are *single doctors*. *Double doctor*. Dr. Prem is a *double doctor*. It is *blank* on the back of the cards you have printed, and so write on it about illness of the mind and write the address of a centre that is nearby: Learn meditation there and make your mind healthy. Hearing the name of the *doctor*, they would feel that if the *doctor* says so, they should do it. You can do service whilst sitting at home and you will become *double doctors*. You will not have to do anything, others will do it. It is very easy. When anyone comes and asks for the *address*, give them this. Have the printed *cards* available. Become a *double doctor* in this way. Medicine and blessings! Having both will make a difference. They will receive both from Baba. This is the gift for becoming a *double doctor*.

Par Dadi: Your speciality is that your face is always cheerful. (I am Baba's daughter.) You are a *double daughter*. You are his lokik daughter and alokik daughter. You are also the Parlokik's daughter. All three.

To the three Senior Brothers: Do all of you meet? (A little.) Not a little, you can meet via the *phone* too. This system abroad is good. Any task is discussed over the *phone* and the *meeting* is accomplished. Look at their system. Continue to meet. You can also have a *meeting* over the *phone*.

Bhopalbhai: The yagya is being looked after very well everywhere. Pay attention and continue to tour around.

VIPs from Indore: You enjoy coming here to your home, do you not? You have come to your own home. You haven't come anywhere else. This is God's home and so it is also the children's home. You have come to your home. Always keep yourself as a carefree emperor. Do not worry; a carefree emperor! All the work will continue to take place, but make yourself a carefree emperor.

You will remember the Father when you wake up in the morning, will you not? Your whole day will then be good. As soon as you awaken and open your eyes, remember "My Baba."

Religious leaders: Seeing you, others will also have enthusiasm. Why? People will wonder about what you have received, and your experience will give others an experience. You will become instruments. (Brahmdev Swamiji from Trinidad will reveal who the God of the Gita is.) Now, listen to the murli.

BapDada was shown the map of the Solar Project (Brother Golo). Do it with faith in the intellect. All of you together just have the one thought: It has to happen. (To Rameshbhai): You were told that all Brahmins should know about this. Not everyone reads the *articles*.

*** O M S H A N T I ***
